

March, 2020

VCCU now has CardSecur available to our members within Mobility. If you haven't already installed it and explored it's options, please do that so you are able to learn about the product and describe it to our membership.

**The one app from
VCCU to control all
your VCCU debit
cards!**

**LOCK,
UNLOCK,
REPEAT.**

CardSecur

With the CardSecur app, you can save time and rest easy by controlling the VCCU cards in your wallet with the phone in your pocket:

- Get real-time notifications when your cards are used
- Restrict transactions to certain areas using your phone's GPS
- Set security preferences and spending limits for transactions
- Enable or disable your cards within categories such as gas, groceries and travel
- Lock and unlock cards easily with your smartphone

Available from:

Instructions to Install

- If the CardValet App is already loaded, uninstall/delete it.
- Open Mobility (may see an ad for CardSecur, if so, bypass it)
- Under Quick Links, **Click My Cards**
- **Click Download Now**
- **Click Install**, don't open the app at this point. Instead, log back into Mobility
- Under Quick Links, **Click My Cards**
- **Click +** to Add Card
- Enter the information as prompted:
 - ⇒ Card Number
 - ⇒ Security Code
 - ⇒ Address
 - ⇒ Zip Code
 - ⇒ Expiration Date
 - ⇒ Last 4 digits of SSN
- **Click Accept** to accept Terms and Conditions
- **Click Accept** to accept Privacy Policy
