

At Valley Communities Credit Union, we strive to assist the families we serve, and we are committed to protecting the online privacy and identities of the children who visit our website. The Children's Online Privacy Protection Act (COPPA) restricts the collection, use, or disclosure of personal information from and about children under the age of 13 on the internet. WCCU's website and online services are not directed to children under the age of 13, nor is information knowingly collected from children under the age of 13. We do sponsor contests and events with a focus on the VCCU Kids Savings program. If information is collected, it has been done so only if the child's parent or guardian has consented or has submitted the information. VCCU is not responsible for the data collection and use practices of nonaffiliated third parties.
