WHY DO SILVER COINS HAVE RIDGES ON THE EDGES?
The ridges, or reeds, make coins more difficult to counterfeit and prevent fraud.

**Do you know how many ridges are on
A Quarter? A Dime?**

Answer: A Quarter has 119 ridges. A Dime has 118 ridges.

International Credit Union Day

== Celebrating 70 Years ==

The credit union movement has a rich history of collaboration across divides. For nearly two centuries, financial cooperatives have encouraged people of every race, gender and belief to come together and give their all to make their communities stronger. It's about people helping people.

On October 18th, we will celebrate International Credit Union Day's platinum anniversary with "Find Your Platinum Lining in Credit Unions." Members like you have helped credit unions improve lives and communities, and we are thankful. You are the reason we can celebrate 70 years! Stop by your local branch for a celebratory treat!

Credit unions take various steps to safeguard member information and reduce the risk of loss from fraud and identity theft. Therefore, VCCU wants to verify your address information before executing an address change. Included with this mailing is our address change request form. Please complete, sign and return it to your nearest branch. We will also make the form conveniently available on our website, www.valleycommunities.org. Watch our news and announcements on our homepage.

Maybe you have a new email address, or there are other accounts on which you are signer/joint owner whose addresses also need to be changed. Even if your address isn't one that is being changed, please use this form to update your information.

Please don't hesitate to call any of our 6 convenient locations for assistance.
