

# Paint With Marshmallows!

## To make the melted Marshmallow Paint (for adults to do):

- Put 1 cup of mini marshmallows in a microwave safe bowl and microwave them for 30 seconds. The marshmallows will expand (it's really cool actually).
- Add 1/4 cup of water to the microwaved marshmallows. Stir the water into the marshmallows. The marshmallows will continue to melt.
- Put the mixture in the microwave again for 30 more seconds.
- Add 3 table spoons of light corn syrup to the marshmallow water mixture and stir it in really well.
- Microwave it again for 30 seconds.
- Stir it together until every bit of the marshmallows are melted and mixed well with the corn syrup.
- Let it cool just a tad and then separate it into different containers.
- Using a little food coloring, make whatever colors you desire! I used craft popsicle sticks to stir up our paint colors.
- Let the marshmallow paint cool for a minute or so before handing them off to you kids. Hot paint is not good! Luckily, it cools quickly. [www.smartschoolhouse.com](http://www.smartschoolhouse.com)

## International Credit Union Day!

On October 19, Valley Communities will, along with more than 56,000 credit unions around the world, celebrate International Credit Union Day (ICU Day), and the philosophy and achievements of the credit union movement.

VCCU celebrates ICU Day because it believes the not-for-profit structure and people-first principles of credit unions make them the ideal financial partners for all people. Branches celebrate with sweet treats for their members on October 19th! Come see us!

This year's ICU Day theme is "Dreams Thrive Here," a celebration of how credit unions help people achieve their biggest goals in life.
